OUR LOCATION

Bridging the mighty Waikato, New Zealand's longest river, Hamilton is the country's fourth largest city and the hub of the Waikato region.

A modern, innovative city with a prosperous and diverse economy, Hamilton has a youthful population compared to the likes of Auckland, Tauranga, Christchurch and New Zealand as a whole.

With around half of New Zealand's population within a two-hour drive from Hamilton, the city is an attractive and popular event destination. Survey and ticket data show event-goers frequently travel from throughout the central North Island to attend events at Claudelands.

GLOBOX ARENA

GLOBOX Arena is a modern solution for live music, entertainment, large banquets, exhibitions and international sport events.

Since its opening in June 2011, the venue has proven itself to be an impressive space that provides a quality guest experience no matter the size or style of event.

Unique in Australasia due to its C-shaped design, GLOBOX Arena boasts 2,200 square metres of scalable space. With both divisional and reduction drapes throughout the arena, we can set these according to your individual requirements.

The venue's clever back-of-house facilities include large band/team rooms, individual dressing rooms and a VIP star suite.
